Healing From Racial Trauma For Faculty, Staff and Mental Health Providers

**Video Toolkit to Support the Wellbeing of Students of Color** [1]: This video series features scholars and practitioners from across the country who provide evidence-based information for faculty, staff, and providers to foster a positive learning environment and support the mental health and well-being of students of color.

**Academics for Black Survival and Wellness** [2] was organized by a group of Black counseling psychologists and their colleagues who practice Black allyship. Guided by a Black feminist frame, we hope to foster accountability and growth for non-Black people and enhance healing and wellness for Black people. Academics cannot stay silent about anti-Black racism. Academics cannot remain silent in the face of racial injustice. Everyone needs to do their part.
